

## **Another Green Flag for South Hill Wood - for 2020-2021 !**

The Friends of South Hill Wood and Kingswood Glen have achieved another Green Flag, for South Hill Wood – the second year in succession – and, again, one of only seven awarded within the Borough of Bromley.

The Green Flag is the quality mark for parks, and signifies, particularly: a high level of managed maintenance; a welcoming and safe experience; environmentally and biodiversity friendly; community involvement; and, of heritage value.

To achieve that, the Friends :

- liaise with the Council's contractor, *idverde*, to arrange necessary maintenance;
- at monthly workdays, other than collecting litter, carry out improvement projects, such as removing invasive species;
- promote improvements, such as the Herbaceous Border;
- take action to preserve the tranquil and civilised ambience; and,
- plan future improvements.

The Friends are grateful for the support of others, particularly :

- The Shortlands Residents' Association [*who arrange guided tours*];
- Bromley Friends Forum [*an umbrella group for all Friends Groups in the Borough, providing guidance and documentation, and liaising with the Council and idverde on behalf of all Friends Groups.*];
- *idverde* for going the extra mile; and,
- our Councillors, for their ongoing support.

If you would like to join the Friends [*it is free*], or to find out more, please email :
